

How do classes Communicate

How Code remain, reusable, Maintainable,
Scalable and testable.

How can new features be added with
out breaking the existing functionality.

SOLID Principles

SOLID Principles why? why not rules
✓ ~~X~~

S → Single Responsibility Principle (SRP)

O → Open/closed principle (OCP)

L → Liskov Substitution principle (LSP)

I → Interface Segregation principle (ISP)

D → Dependency Inversion principle (DIP)
